“ Amanda God wanted his beautiful angel to come home. I will never forget you. We had many conversations about everything. I remember the time you and I went to a Bobby Brown concert and danced the entire concert. You were such a beautiful person inside and out. Your most proudest moment was when you became a mother. Asa was always your world. You were very proud of the young man he became. Amanda I know you are watching over all of us. You are at peace and no more worries . Get your rest Amanda.
Love You

Amanda and I were in the Class of 71 at Booker T Washington and worked at Hermann Hospital in the 90s. Since we were in the band together at BTW, she as a majorette and concert choir member, and I as a band member, student band director, and piano accompanist for the concert choir, I asked her to help me form the Hermann Hospital Children's Miracle Network Telethon Choir! I have to admit we were an awesome team and was successful with the project. We even got Dr. Red Duke to participate in our efforts as one our guest! I will never forget the hard work she put in as my assistant director through rehearsals while keeping order of a 107 voice choir! She introduced me to her baby boy who was 4 years old at the time and she called him "Bear." I never will forget you Amanda and may God hold you him in his arms as you rest in peace!💕🙏
