“MILK, you will be missed my Boy. I'm usually afraid of dogs your size, but you are the sweetest and most friendly four legged creature that I've ever met! When your mommy would get her makeup done, you'd come and eat on the Velcro for the makeup light and sit on my feet. I would always leave with your hair all over my ankles. Lol Mommy, Ken Ken, and Bailey will always love you and you will never be replaced. ❤️

“My lil big nephew. You will be missed. Our very first babysitting weekend. You stole my heart. You were so playful and full of energy. Milk Milk we loved so much. Hard to believe you are gone. You left a very big paw print in this world and we know you are doing the same in your new home. Rest in Love Milk. Auntie Marie

“ Nephew Milk I'm not gonna lie...I was scared as heck of you, but I did a great job of hiding it. When you reach dog heaven, tell your cousin Apricot I said.. I miss her and will always love her. Rest well. I'm leaving her picture so you can recognize her. Praying for family. It's hard losing them, they are like real people.

“ I remember seeing Milk for the first time. He was the cutest but was a big boy! We were sitting at the table and Milk came running from the back. Milk ran underneath the table, bumping CB’s leg catching him off guard and he screamed. He didn’t know what it was. It was just Milk wanting to play. He was a playful, big baby. You will be missed Milk.

“Milk, you were the boy I prayed for. You wasn't just a dog you were my baby boy and you knew it. The girls often said I loved you more than them. No I didn't but my love for you was something truly special. I'm going to miss my morning hugs and our fights over cleaning your face. Milk I keep waiting on you to run to me, so I can save you from one of the girls. I will never be able to eat another french fry without thinking of you. You filled my heart with so much joy. You were very clingy after my return from my last trip and now I know why. I will never forget you my boy..

“Me and Milk stayed fighting he love to run and hide under the table or just him laying in the kitchen begging for food biting on the rug. My favorite memory is of me and Milk fighting to get his face cleaned we would be all over the floor with him dragging me.

“ *Playful Milk. My funniest memory of Milk was the night he hunched this lady leg. She tried to run but he was latched on. The girls and I couldn't help her because we were laughing. Milk will be missed*

“ *I always talked about how SMART Mik was! Every time I fussed, he would take off running. He loved to hide in the closet under the bottom rack of clothes and peek his head out. Milk, you will truly be missed! -Markeshia*
