“ *1 year working our way to 2years. Jesus have kept me strong until this very moment I cry uncontrollably for you not cause I wish you back to this horrible world but because I cannot find strength no where there's no advice good enough for me since your gone I read I pray I wait and wait and then become extremely busy not to think or to feel I study until I fall asleep wake up just to sin and do it all over again 🙄 you finished your race and I'm jealous cause I have to still be here suffering struggling hoping I make it into the kingdom of heaven. I know a pat on the back from you just a smirk or smile to let me know your proud would make all the difference for me rt now... I'm not gonna stay stuck here but had to express the lost of you still burns like hell and you left me here !!!!!!!! Like really left me💔*
