“ I am going to miss you cousin. I called JoAnn and asked if she wanted to go to Hermann Park. We stopped and got food to take with us. On our drive, we laughed and talked about Pat (Marshal), Harry (Marshal) and Mason. As we got close to the park, she said, I want to feed the duck”. We sat down and ate, Then we went to feed the ducks. Joann said, “how are going to get over there? I said we can step over rope. I stepped over the rope and JoAnn went under the rope and we laughed . First we fed one duck, then two. They must have called their friends. I looked up and there were of ducks. I wanted to run so bad, but I couldn't leave her. Joann said okay that's enough and went under the rope. I had to laugh, I said this was your idea. We laughed and I remember her saying, “Lisa, I had so much fun! Joann always ended our goodbyes with, “ love you”. I thank God for memories. I love you all!

“ As I sit down to write this farewell, my heart feels heavy with the weight of physical loss, Yet it's also buoyed by the memories we shared together. Your passing has left a void that seems impossible to fill, but I find solace in knowing that your infectious smile and the warmth of your spirit will forever linger in our hearts. I want to express my deepest gratitude for the profound impact you had on our lives, especially as a grandmother to my son. Though distance may have separated us physically, The love you poured into the family knew no boundaries. As we bid our farewells, know that you will never be forgotten. Your love, your laughter, and your unwavering kindness will continue to inspire us each day. Though you may no longer walk beside us, your spirit lives. Until we meet again, know that you are loved, and you will always hold a special place in our hearts. May you find peace in the arms of angels, and may your light shine brightly in the heavens above.
