“ Daddy,

*I'm still in shock, anxious, and finding it hard to believe that the time is coming very soon to lay you to rest. I will deeply miss our special talks and those early morning phone calls just to say, "Good Morning". You never knew that sometimes your call was exactly what I needed at that moment. I've always been a private person and don't usually share my life stories online, but I had to leave this message just for you.*

*You will be truly missed.

“ I will cherish every memory we shared, Daddy.  
From our phone calls and spontaneous trips to the store, to your jokes, your cooking, and even the messes you made while doing just about anything. I'll hold close the many times you helped with my kids, fixed things without hesitation, showed up when I needed you or even when I didn't and all your surprise pop-ups that made my day.

*I'll miss it all.  
I love you forever and always.*

“ Kenneth will truly be missed. His laughter, humor respectfulness, encouraging words and willingness to lend a helping hand were some of his greatest characteristics that we all adored. He was always what my cousin needed. He has left an open wound in our family but with God's help we will heal. Good night Kenneth we will see in the morning.

“ Thank you for the role you played in my life as “bonus Dad” since I was just 2....all the times you were right there to help when I moved, all the tires you’ve changed, batteries you’ve installed, curtains you’ve hung and so much more! If I needed a helping hand in any way, I knew you had my back.....all the times you called and had me laughing uncontrollably until the back of my ears hurt lol....Nothing has went unappreciated! You have always been there me when I needed you and I love you for that!! You will forever be missed!! Get your rest! We got this and we love you ❤️❤️
