“ To my 2nd mama....words can't express my love for you. You was one of a kind and you will never be forgotten. Almost 40 years and you have never treated me any different than you did your biological children. I remember having to climb out the bedroom window because the girls didn't clean their room and when you walked in the room you started swinging your belt at everybody. I said, "I didn't even do nothing" and you said "well get out the way" with a few choice words added 🤔. You was always very outspoken and didn't spare nobody feelings and that's one thing that made you stand out. Get your rest mama.....I love you ❤️
