“ I am so deeply saddened to hear of the loss of Roberta Price. I wish to extend my deepest sympathies to the family. Roberta was once a member of the Afro-American Historical and Genealogical Society (AAHGS) - Willie Lee Gay Chapter. When she was with our group, she eagerly volunteered her time and supported our mission for preserving African American History and teaching our members how to do research. We so enjoyed that she always volunteered to make our Holiday Celebration a great success. She has been missed in the organization and will forever live in our memories for her volunteerism and support for the chapter. May the family be uplifted during this time of bereavement and find peace knowing that she made an impact with our organization. (Sheron Bruno, former AAHGS President)

“ I have two special memories of Roberta “Boots”—1) She was a tremendous help in cleaning out my sister-in-law’s apartment when Carol Lois passed in September 2018. 2) During that same month, she accompanied my husband, Andrew—her first cousin, and me to a Frankie Beverly and Maze concert in the DFW Metroplex. Dressed in white, all 3 of us had a grand time!
