*I am so sorry to hear of the loss of your mother. The memory that stands out in my mind the most is you and your mom speaking the Lord's word to me and assisting with my spiritual walk. I am grateful to have met and spoken with her. I love you and your family dearly as you and your family has embraced me and my daughter since she was 3. One thing I know is your walk with God is deep and I pray his comfort and strength for you all.*

*Love,*

*Lori*
