“ *Grandma this is Bernard aka Georgio as you like to call me. Me and the girls are really going to miss you so much. I am still in shock that you had to leave so soon but I understand. I just had many more things I needed to talk to you about you had so much wisdom you always gave me the right advice. Thank you for talking to me when I came over and just listening to me and letting me vent. Thank you for all the love you showered on me and those warm big hugs and those kisses. I will always remember you singing old man river to the girls when they were babies even though they would cry. I don't know why they didn't like that song but it made them cry every time lol. You never let the girls leave without given them something and that made them smile thank you for that. You showed me how to love and forgive people I needed to learn that. I heard you once say “love can conquer all things Bernard ” and I try my best to live by that. Thank you for being the greatest and the realist grandma ever. I am truly going to miss you deeply and whole heartedly. You will never be forgotten I Love you grandma come visit me in my dreams sometimes.*

“ Ms. Bell you brought so much joy to the clinic. Every time you came you made sure you seen me. I looked in my desk yesterday the beautiful ink pens you made me the team will be forever cherished. The last time you came we laughed so much, talking about Karen lol. And taking your doctor home with you. Rest easy you will truly be missed!

“ Your love and energy was so welcoming my first time meeting you. Your personality was always a plus for me, it never changed. Not once, since I’ve known you and that I’ll always cherish. The love you gave me and my kids will never go unnoticed, thank you for loving us the way you did! I’ll miss getting up and giving you warm hugs and kisses at “The Legacy”. The happiness you brought to that front desk was much needed on a daily basis. You will be forever missed and the memories will forever be in our hearts, rest peacefully and continue to watch over your family Granny Bell 💜

“ Too the most wised person I know. I will miss your hungs & kiss. As a grandchild you was so funny & outspoken. If I ever did anything wrong, I was a angel in your eyes. I miss the songs you sing to us. Even the one, you sing to my son Preston “my buddy”. You always see me & tell me that you are very proud of me. I will always make sure the family remember you.

“ *To my Big Sister  
I will miss you always but never forgotten  
You taught me most of what I know about life  
How to make the best of a bad situation  
You would say Don't worry that you can Do anything!!  
And as you ascend to your new life  
I know you will never be far from me!!  
Boy how we had so many good times and laughs  
What I most will never forget  
You walking on your tip toes in those heels  
And your many Hats!!!  
Your words of wisdom never fell on deaf ears  
I heard you Sis and I won't forget.  
I love you and I'll see you later  
Always
