“ *The only one in our Generation to call me tootie!! My name given to me from our beloved Aunt Joann who recently joined you shortly after your home going. I’m really going to miss you two so so much along with Tracy! Our family is shook up by the 3 of you passing so suddenly & so close together. But we know God makes no mistakes. I’m going to miss you so much Lady! Saturday I couldn’t believe that that was going to be the last time I’d see you and how I’d see you. I wish we would’ve did all the things we planned to do before you moved out the state. What I cherish the most is our childhood together! All the summers spent together! The trouble we got into together and the songs we loved to sing together!! They played your song for you towards the end of your service because I shared a piece of our memories with them & just that melted my heart!! Known as my little cousin but you were more like the sister I never had. I thank you for being there during my darkest times and sharing the love of Christ with me by inviting me to your church and comforting me with his word! I love you Tiffany your babies will be taken care of without a doubt. Wish you could have been here to welcome your Grandson but I know you’re with us all in spirit and in our hearts!! Until next time, Rest up baby!*
