“ 97 beautiful years and it still broke my heart to find out you were gone. I will miss our phone calls and chats so much. You were a rock that stuck by me through my many health issues in spite of your own. You were my mom's best friend for life and kept me close till the end. You told me you were leaving so I will say --- until we meet again my dear Sis. Parker (as we always called you). You have claimed your wings. Rest well my friend!

“ Ms. Parker was a good neighbor, advisor, historian, encourager, great cook, giver, and friend that never met a stranger. My husband and I met her as strangers or so we thought. It was a hot summer day and we were working next door. She came over and insisted we have a cool drink of water along with a slice of her delicious famous pound cake. That was the day we found a friend for life. We will truly miss her in our lives. What a Friend! Linda and Henry Cox
